Help Needed!

Wordwise has always been about supporting local Christians,
so it is your shop and not ours! We need your help to keep us going.

A number of our regular volunteers are still self-isolating so we are currently unable to open in the afternoons, and are struggling to find enough people even to cover the mornings.

So, we are asking local Christians, “do you want your shop to stay open?”

Would you be available to help? The minimum requirement is only 3 hours a week. You will have someone to work with you and show you the ropes. Operating the till is not as daunting as it sounds, and training will be given. A very large part of our ministry is just talking to customers as they come into the shop.

Please do get in touch (contact details below) for more information.

Thanks

Robin and Suzanne Hood have retired after many years of helping at the shop. We are extremely grateful to them for all their support and wish them well for the future.

Coffee Shop

Unfortunately, we do not have enough space to open up for coffees at this time. Please be assured we are constantly monitoring the situation.
